

LBC Energy community activities

With 2018 to date dominated by political mayhem and irresponsibility of unprecedented proportions, we are pleased and blessed that all our Oil & Gas clients are doing well

We strive to make all our activities either educational for our team and clients and / or serving a worthy cause such as our benefit fund educating children in the works of Nikola Tesla and the future of Energy

Hence, we invite all our colleagues and clients to join us in celebrations in these two community and social initiatives in 2018 - 2019

LBC team in 2016:
"Let's stick to what we know - geomechanics and DCF!"

We will try again in May 2019! All our winnings go to a worthy benefit, a charity for children – educating kids about Nikola Tesla, his scientific inventions and the future of Energy. Please join us in crossing the finishing line in this worthy cause:
